

Effective Date: April 28, 2025

## PET POLICY

KHRA rental properties have a no-pet policy. No pets of any kind are allowed, including common household animals like cats and dogs. However, KHRA does allow reasonable accommodations for a service or therapy animal that is verified as necessary for the resident or household member's use and enjoyment of the premises because of the resident or household member's disability as required by law. An assistance animal may be requested to KHRA management with KHRA Form-2024-3000 (KHRA Reasonable Accommodation Request Form- Assistance Animal).

Please note, projects must not prohibit residents from keeping their pets if proper documentation of compliance with the previous KHRA Pet Rules and Regulations exists. Proper documentation of grandfathered pets includes but is not limited to:

- Approval on file from KHRA
- Basic guideline adherence (allowable pets)
- Proof of pet deposit
- Pet information (including vaccination records)
